

The CyberCentral Summit 2018

Ioan-Cosmin MIHAI

The Romanian Association for Information Security Assurance

The 8th edition of the **CyberCentral Summit**, organized by the **European Business Conferences Group (EBCG)** in Prague, **Czech Republic**, took place on 11-13 April 2018. The Romanian Association of Information Security Assurance was represented at this conference by Assoc.Prof.Dr. Ioan-Cosmin MIHAI – Vice President of RAISA, as a speaker.

During this summit, Assoc.Prof.Dr. Ioan-Cosmin MIHAI organized a 4-hour workshop entitled “*Social Engineering on a Corporate Scale*” as an expert of the Romanian Centre of Excellence in Cybercrime. The workshop was supported by presentations, practical demonstrations and exercises, thus contributing to better training of professionals in Europe to investigate cyber-attacks.

The event addressed public authorities and institutions in Europe, IT&C service and IT service providers, personal data processing companies, online trading companies, financial services companies, and cyber security consultants.
